Kidgoo 2

NEW FEATURES THAT MAKE THE DIFFERENCE

The Kidgoo combines maximum safety with smart technology. At its heart is the new becco coupling system, which allows you to couple and uncouple in seconds. In combination with patented safety features and practical innovations, it becomes your reliable companion in every situation.

SAFETY MEETS INNOVATION

Nothing is more precious than your child, which is why the Kidgoo uncompromisingly focuses on protection. The reinforced aluminium frame, patented head protectors, and the proven 5-point harness system provide maximum safety, while smart details make everyday handling even easier.

WELL-BEING ON EVERY JOURNEY

The new adjustable headrest can be adapted flexibly in height and shape. In addition, the adaptive restraint system (easy-ARS) can be adjusted in seconds. Together with the comfort seating system and integrated back protectors, your child always travels safely and comfortably, even when falling asleep on the go.

ALWAYS PERFECTLY PROTECTED

The 360° ventilation system with optimized ventilation corners and an additional window above the trunk ensures a pleasant climate. The removable sun cover on the side with Velcro protects against direct sunlight. The 3-in-1 cover keeps out insects, sun, and splashing water and is always within reach thanks to its integrated storage compartment.

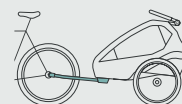

A CLEVER COMPANION FOR EVERYDAY LIFE

The Kidgoo also proves how well thought out it is in everyday use. On the handlebar, you'll find the pre-installed FIDLOCK TWIST base by Qeridoo, where you can attach your bottle in seconds. The buggy wheel adapter with Smart Tag storage compartment offers a clever option to discreetly store the optional Qeridoo Smart Tag. Additional storage is provided by the optimised roof load securing system with straps in cargo mode, while the height-adjustable handlebar with roll-over protection ensures maximum stability. Everything is rounded off by the magnetic cover lock with FIDLOCK fasteners and a robust metal bracket that makes it easier to attach the lock and offers additional protection against theft.

DESIGN AND PRICE

The Kidgoo of the latest generation is available in four colours: Phantom Grey, Pacific Blue, Forest Green, and as a special highlight, the limited edition Wildberry Violet. You can choose between a one-seater for €850 (RRP) or a two-seater for €900 (RRP).
